Welcome to the WSCB Multi Agency Training

Directory 2011

Foreword

Welcome to the Warwickshire Safeguarding Children Board (WSCB) Multi Agency Training Directory 2011. This last year has been a huge success for Multi Agency Child Protection Training delivered by WSCB. We were able to offer 1213 places on the range of WSCB training events between Jan – November 2010, with three further events left to run. This is an increase of 167% for the whole of 2009.

This year has also seen the launch of the new WSCB multi agency training strategy 2010-2013 which reflects the revised statutory guidance contained within Working Together to Safeguard Children 2010. A welcome change is one of the key changes is a move away from categorising training into different 'levels' towards identifying the content of training staff need to enable them to undertake their safeguarding responsibilities.

All WSCB training is developed to meet the range of training needs of Warwickshire's Children's Workforce. A variety of sources are used, ranging from Statutory Government guidance, local audits and serious case reviews as well as local training needs analyses. A further comprehensive multi agency Child Protection Training Needs Analysis is scheduled in 2011. Details will be circulated to organisations as well being available on the training page of our web site www.warwickshire.gov.uk/wscb . This is a key opportunity for agencies as well as individuals to be able to influence WSCB Child Protection training. For further information about this please contact WSCB Training Officer, Linda Village - lindavillage@warwickshire.gov.uk

Training Sub Committee

Introduction

The WSCB Multi Agency Training Directory 2011 contains a comprehensive guide to WSCB training but please also keep an eye on the training page on our web site www.warwickshire.gov.uk/wscb where additional events organised throughout the year will be advertised.

WSCB Training Sub Committee is committed to the delivery of a high quality Multi Agency Training Programme, which supports professionals in their work to safeguard and promote the welfare of children and young people.

This year we have more multi agency training offering a wider choice of programmes at more levels than ever before. Last year saw more delegates from all of WSCB partner agencies; many from associate member organisations as well as a growing number of representatives from the private, voluntary and independent sector attend our courses. This wider mix of professional roles attending training events enhances valuable opportunity for networking and learning together which strengthens multi agency working.

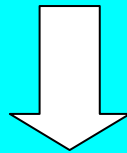

I am very happy to be contacted to discuss any of the content within this directory. I look forward to receiving nominations for this years programme

How to apply for WSCB Multi Agency Training

Before you apply for any course, you should obtain the agreement and support of your manager or organisation. **There is an expectation that participants commit to attend the whole session**, arriving and leaving at the specified times. A certificate of attendance is only given for full attendance.

Application Process

1. Select your course/date.
2. Discuss with your supervisor or designated person.
3. Once your nomination has been agreed, complete the ***WSCB training programme nomination form*** (page 27) giving full details of the course for which you are applying. Use a separate nomination form for each course for which you are applying. **You can download forms from the training page of WSCB web site www.warwickshire.gov.uk/wscb**
4. ***Email*** the nomination form to:
wscbtraining@warwickshire.gov.uk
5. Make sure you have the date and details in your diary!

6. Once nomination forms are received they are date stamped and delegate details logged onto the WSCB training database. ***Please note that confirmation of places are not emailed until at least 5 weeks prior to the course. You will hear from us EVEN IF YOU HAVEN'T BEEN ALLOCATED A PLACE ON A TRAINING EVENT.***

7. Please **do not** attend a programme unless you have received an email confirming you have been allocated a place on training. This can cause health and safety issues as well as problems with problems with catering and handouts.

Allocation of Places

If the course is oversubscribed, we will not be able to accommodate all requests for training. Places will then be allocated giving priority to promote an optimum interagency mix of delegates to promote effective interagency working and networking opportunities. Because of this, it may not always be possible to accommodate places from groups of colleagues from the same Team/Department. If you have not been successful in getting a place, you will be notified that your name has been placed on our reserve list. The reserve list will be used as a priority for allocation of places on any additional courses that are run to meet oversubscription needs.

Cancellation of Places

If you are unable to attend a course once you have an allocated place, ***please notify Pat Convery by email – wscbtraining@warwickshire.gov.uk.***

We cannot accept cancellations by telephone

Please give as much notice as possible so your place can be offered to someone else. **There will be a charge of up to £75 for less than 2 weeks notice of cancellation of a confirmed place.**

Evaluation

Evaluation of courses is very important as this data informs and shapes future training. All participants will be asked to complete a feedback form at the end of each course or conference. Sometimes participants will be asked if they can be contacted a time after the course to measure the impact of training on practice.

Certification

A certificate of attendance will be emailed to participants after they have completed the course as a record and evidence of attendance. It is important to note that certificates will only be issued if the participant is present for the full training session.

The Common Assessment Framework (CAF)

The Common Assessment Framework (CAF) and Lead Professional role are two key aspects of the integrated working strategy introduced by government as part of the Every Child Matters agenda.

The CAF supports early and integrated responses to the needs of children and young people who may not meet traditional thresholds for statutory or specialist services but who, without help, are at risk of not achieving one or more of their 5 ECM outcomes.

CAF can be used for all children from pre-birth to 19 years of age. It is an entirely consensual process. A Common Assessment can be initiated by any practitioner in any agency including schools who has completed multi-agency training in the CAF process. Training is delivered on an area basis.
